D.O. No. 11-43/2017 Sch-5-Part (1)

8<sup>th</sup> November, 2017

Respected Ma'am/Sir,

As you are aware, Aadhaar based Director Benefit Transfer (DBT) is a major governance reform initiatives of the Government to ensure targeted delivery of benefits and services to beneficiaries of Schemes identified for DBT.

2. The Department has requested States/UTs for collection of Aadhaar details for students & teachers. During the review meeting for DBT implementation in Cabinet Secretariat, the challenges involved in bulk validation were discussed and it was suggested that States/UTs may be advised to undertake authentication at field level and share validated list of beneficiaries.

3. In this connection, it is suggested that the Aadhaar authentication be done by the States/UTs for students and teachers and the data be synced to NUPEA in the following manner :-

(i) States/UTs having their own State/UT managed portal for data collection and data management can directly integrate the Aadhaar authentication API and can get the Aadhaar seeding done on the spot. For getting the API, States/UTs can contact State/UT NIC Cell(ASA) authorized for Aadhaar authentication. List of eligible live ASA can be seen from [http://uidai.gov.in/images/list\\_of\\_live\\_asa.pdf](http://uidai.gov.in/images/list_of_live_asa.pdf).

(ii) States/UTs not having their own State/UT managed portal for data collection and data management but managing the data in offline mode, can get the Aadhaar authentication done in bulk through ASA or AUA.

4. It is requested that necessary instructions to ensure 100% authenticated Aadhaar seeding of students & teachers data, may be sent urgently to concerned officers of the State/UT for DBT implementation.

With Regards,

Yours sincerely,

*Maneesh Garg*
